Robot Zombie Frankenstein! By Annette Simon

Robots, Robots, Everywhere! by Sue Fliess

Rusty Robot by Jo Rigg

The Robot Book by Heather Brown

Music CD:

You Can Dance! [track#3 - Dancing Robots]

Fingerplays, songs, rhymes:

Sam the Robot Man

I'm Sam the robot man, I'm doing the best I can.

Power onto low. Are all systems go?

I can keep the beat. I can keep it in my feet.

Move my feet to the music's beat, everywhere I go.

I can reach up high. I can reach down low.

Move my feet to the music's beat, everywhere I go.

I can turn around. I can touch the ground.

Move my feet to the music's beat, everywhere I go.

Move my feet to the music's beat, everywhere I go.

I'm a Little Robot

(tune: "I'm a Little Teapot")

I'm a little robot, short and strong.

Here are my handles, just turn me on.

When I get all warmed up, watch me go,

Sometimes fast and sometimes slow.

The Robot

(tune: "The Wheels on the Bus")

The legs of the robot go up and down,

Up and down, up and down.

The legs of the robot go up and down,

As it walks around the room.

(march around like a robot)

The head of the robot goes side to side,

Side to side, side to side,

The head of the robot goes side to side,

As it walks round the room.

(move head from side to side while marching.)

Additional verses:

The arms of the robot go back and forth;

The buttons on the robot go beep, beep, beep;

The voice of the robot says "Does not computer"

The lights on the robot go on and off

The feet on the robot go clickity clack

The antennas on the robot go wiggle, wiggle, wiggle

-1001 Rhythms and Fingerplays

I'm a Robot

I'm a robot, watch me walk.
(do actions as rhyme indicates)
Push my button, now I can talk.
When I get all oiled up I can work.
Even if I have to jerk.

I'm a robot, watch me go,
Sometimes fast, sometimes slow.
When I get all worn out you can see
All I need is a new battery!
-1001 Rhythms and Fingerplays

If You're a Robot and You Know It

If you're a robot and you know it, clank your coils
(clap).
If you're a robot and you know it, clank your coils
(clap).
If you're a robot and you know it, then your face
will surely show it.
If you're a robot and you know it, clank your coils
(clap).
...clunk your gears *(stomp feet)*
...press your buttons *(beep, beep)*

Five Noisy Robots Rhyme

Five noisy robots in the toy shop,
Shiny and tall with antennae on top.
Along came a girl with a penny one day.
She bought a noisy robot and took it away.
(continue with 4, 3, 2, 1 noisy robots)
www.fallingflannelboards.wordpress.com

Five Noisy Robots

(tune: "5 Green and Speckled Frogs")
Five noisy robots ran, around an oil can
Trying to keep their joints all free
Creak, creak,
One felt a drop of rain, and could not move
again,
Now there were four robots that ran.
Huff, Huff
(count down remaining robots)

Five Little Robots

Five little robots went to outer space one day
Up in the sky and far away
Mother robot said,
"Beep, beep, beep, beep"

But only 4 little robots came back
Four little robots went to outer space one day
Up in the sky and far away
Mother robot said,
"Beep, beep, beep, beep"

But only 3 little robots came back
Three little robots went to outer space one day
Up in the sky and far away
Mother robot said,
"Beep, beep, beep, beep"

But only 2 little robots came back
Two little robots went to outer space one day
Up in the sky and far away
Mother robot said,
"Beep, beep, beep, beep"

But only 1 little robot came back
One little robot went to outer space one day
Up in the sky and far away
Mother robot said,
"Beep, beep, beep, beep"

But no little robots came back
Sad mother robot went to outer space one day
Up in the sky and far away
Sad Mother robot said,
"Beep, beep, beep, beep"

And all of the five little robots came back.

CRAFT

Using a paper sack, construction paper, and googly eyes create a robot to take home.
